Summary

Motivated Final-year B.Tech student specializing in Artificial Intelligence and Data Science with strong skills in Python, SQL, and data analysis. Familiar with data visualization and dashboard development using Flask. Seeking to contribute to data-driven decision-making as a Data Analyst.

Skills

Programming Languages: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript, Flask

Data Analysis & Visualization: Pandas, NumPy, Matplotlib

Developer Tools: Git, GitHub, VS Code, Eclipse, Google Colab, Jupyter Notebook

Soft Skills: Communication, Teamwork, Time Management, Adaptability

Projects

Multi-Model AI Interview Analysis System Oct 2025 – Dec 2025

- Developed a full-stack AI interview evaluation system using Python (Flask), HTML, CSS, JavaScript, and SQLite, enabling users to practice interviews with live video, audio, and speech recognition.
- Implemented AI-based answer analysis, confidence scoring, and emotion detection by processing speech text, voice intensity, and video input, providing real-time feedback and performance scores after each interview.
- Designed a persistent reporting and dashboard module that stores interview results (score, emotion, confidence, video) and displays updated analytics, progress tracking, and downloadable interview reports.

Budget Tracker & Expense Manager Mar 2024 – Apr 2024

- Developed a Budget Tracker and Expense Manager application to record, categorize, and monitor daily and monthly expenses, helping users analyze spending patterns effectively
- Implemented CRUD operations, user authentication, and MySQL database integration to securely manage expense data and generate summary reports.

Internships

AI Intern – Infosys Springboard (Virtual Internship 6.0) Nov 2026 – Jan 2026

- Developed PlantDocBot, an AI system to identify plant diseases from leaf images.
- Performed image preprocessing to enhance model performance.
- Built a simple interface for real-time disease prediction.

Internship Trainee – Pragati: Path to Future (Infosys Springboard) Apr 2025 – Jul 2025

- Participated in Future Cohort 5, a structured internship program focused on industry-ready skills, practical learning, and career development.
- Worked on hands-on tasks, assignments, and real-world problem statements, improving problem-solving and analytical thinking skills.

Certifications

- Data Analysis Using Python – IBM
- Introduction To Data Science -Infosys Springboard
- GenAI Powered Data Analytics – Tata
- SQL – HackerRank

Education

B.Tech in Artificial Intelligence and Data Science 2022 – 2026
QIS College of Engineering & Technology, Ongole **GPA:** 8.5 / 10

12th Grade 2020 – 2022
Sri Padmavathi Junior College, Tirupathi **Percentage:** 74.6%

SSC 2019 – 2020
Government High School, Alakurapadu **Percentage:** 98%
